LINDHAUS®

QUALITY CLEANING EQUIPMENT

DOMESTIC

HF6 Super Silent

HF6 Super Silent

Multifunction vacuum/carpets cleaner

STRENGTHS

- Compact and lightweight
- **High-efficiency 1050W Rotafil motor**
- Integrated on board accessories
- 6-stages filtration with **HEPA filter** (optional)
- **14 lt. filter bag**
- Integrated powerful blowing function
- Quick electrified connection for power nozzle
- Power nozzle and electrified kit (optional)

PB14e L-ion

NET FILTRATION EFFICIENCY

The **6-stage** filtration with exhaust 3M Filtrete microfilter can be enforced with the Hepa Filter or the Activated Carbon Filter, making the **HF6** a perfect machine for healthcare environments, hotels, restaurants, offices, etc.

The filtration efficiency tests done on the **Lindhaus** machine by the independent laboratory **SLG** (Germany) show the result of its advanced building technology.

ON BOARD TOOLS

HF6 is a powerful vacuum cleaner ideal also for above the floor cleaning thanks to its full set of on board accessories; it is appreciated especially by hotels and cleaning contractors.

The machine is built with **full-bag indicator** and **thermal motor protection**.

MULTIFUNCTION VACUUM CLEANER

The very low coupling point of the suction hose gives stability to the machine and the 4 pivoting rubber wheels allow it to be easily handled. The patented Lindhaus floor nozzles are **ideal on any surface**; the working radius is 14 meters.

POWER NOZZLE AND DRY CLEANING SYSTEM

HF6 can be equipped with the optional **PB14e** power nozzle to become a powerful carpet cleaner for deep carpets and rugs care.

The standard DCS converter inserted in the **PB14e** allows to do the dry cleaning.

The **Lindhaus** eco-friendly detergents are available for textile flooring care.

DEEP CLEANING OF MATTRESS

The **PB14e** brush roller runs at **4000 RPM** making a vibration on the mattress which in combination with the brushing and the powerful suction grants deep efficient cleaning. Important 5-star hotel chains have certified this machine for "clean rooms" (clean rooms for allergy sufferers).

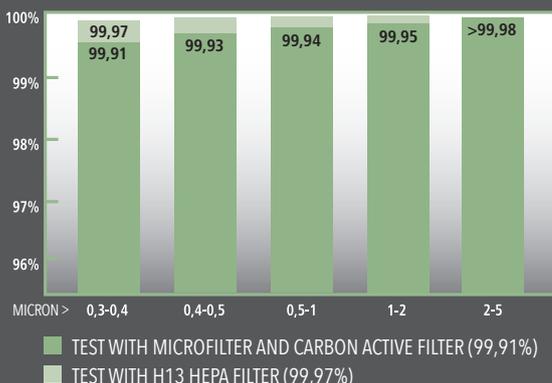

BLOWER

Its very powerful suction can also be used to **blow**, simply by inserting the hose connector into the microfilter housing. This is a standard feature and it allows to remove dust from hard-to-reach areas.

The use of an extra flex hose allows to **vacuum immediately** the dust removed by the blowing.

NET FILTRATION EFFICIENCY

The filtration efficiency tests done on Lindhaus machines by the independent laboratory SLG (Germany) show the result of its sophisticated construction technology. Thanks to the brush rolls with center convergent bristles that rotate at 5000 RPM/min. and the powerful suction, the Lindhaus carpet cleaners are able to remove and deeply clean dust and debris in order to live in healthier and cleaner environments. CRI (Carpet & Rug Institute U.S.A.) and SLG (Germany) have certified all Lindhaus carpet cleaners for their superior ability to remove dust that is fully retained.

TECHNICAL SPECIFICATIONS

HF6 Super Silent

Working width - vacuum mm (in)	290 (11.4)
Working width - brush mm (in)	290 (11.4)
Filter bag capacity (3-ply microfiber bag - lt.)	14
Full set of tools on board	Standard
Voltage/Frequency (V/Hz)	120/60
Input power (W)	600
Rotafil high-efficiency vacuum motor (W)	600
Rotafil top-performance brush motor (W)	150
Power cord length mt. (ft)	12.5 (41)
Water-lift/vacuum mm/H ₂ O (in/H ₂ O)	2000 (79)
Air flow lt./sec. (CFM)	51 (108)
3M Filtrate exhaust microfilter	Standard
Motor protection filter	Standard
HEPA filtration level at 0.3μ (H13 - opt.)	99.97%
Vacuum motor protection	Thermo/amp.
Noise level (dbA)	64
Total net weight kg (lb)	5.85 (12.9)
Dimensions mm (in)	350x350x430 (13.8x13.8x16.9)
Power Nozzle PB14e	Optional
Working width - vacuum/brush mm (in)	350 (13.8)/380 (15)
Brush roller rotation speed (RPM)	4000
Rotafil top-performance brush motor (W)	120
Electronic overload control	Standard
Electric speed control	Standard
Working time (min.)	>60
Total weight included battery kg (lb)	3.3 (7.3)
Dimensions mm (in)	380x230x90 (15x9x3.5)
